

CITRUS

CITRUS - ZITRUSPFLANZEN

CITRUS - CITRICOS

x *Citrofortunella microcarpa**Citrus limon**Citrus sinensis*

CITRUS

Rutaceae (Agrumi)

Agrumi: insuperabili alberi ed arbusti che abbelliscono giardini e cortili, oltre a fornire frutta. Foglie splendide e fiori profumati. Si adattano bene alla coltura in vaso.

With their shiny leaves and scented flowers *Citrus* are invaluable as trees and shrubs to embellish garden and courtyard, as well as providing fruit. They grow well in pots.

Zitruspflanzen; Wertvolle Bäume und Sträucher, die Gärten und Terrassen verschönern und uns mit Früchten versorgen. Glänzende Blätter und duftende Blüten. Ausgezeichnet als Topfpflanze.

Arbres et arbustes exceptionnels, très utilisés en solitaire ou en alignement. Caractère décoratif incontestable avec leurs belles fleurs parfumées, leurs feuilles luisantes sans oublier leurs fruits. Egalement utilisés comme plantes en pot.

Citricos: insuperables árboles y arbustos que embellecen jardines y patios, además de dar frutas. Hojas relucientes y flores olorosas. Se adaptan bien al cultivo en maceta.
